## Company Infrastructure

### Registered Office

No. 83, 4th Cross, R.K.Layout 2nd Stage, Padmanabha Nagar,  
Bangalore – 560070, Karnataka, India

Since 1991

### Factory 01

1/400, Hoody,  
Near ABT Go down,  
Mahadevpura,  
Whitefield Road  
Bangalore – 560070

### Factory 02

Site 29, Sy 7/2,  
Kachohalli Industrial Area,  
Magadi Main Road,  
Vishwaneedam Post,  
Bangalore – 560091

### Factory 03

Site 30, Sy 7/2,  
Kachohalli Industrial Area,  
Magadi Main Road,  
Vishwaneedam Post,  
Bangalore – 560091

Manufacturers of Motor Stampings, Electrical Laminations  
E&I Strip Laminations, Mitre Cut Laminations & Special Components

## Vision

“Contribute to Conserve Energy & Preserve Future”

## Mission

“ Aim to Research & Develop High Quality Stamping Tools & Cater Competitively Priced A to Z High Quality Electrical Stampings & Laminations Across the Globe ”

**DEV COMPONENTS**  
PRIVATE LIMITED

# Quality Policy

**DEV COMPONENTS**  
PRIVATE LIMITED

# Quality Objectives

## Product

Reduction in defect rates, PPM, scrap rates, on-time delivery.

## Process

Improving productivity, reduction of waste, set-up times or rework, improved cycle times

## Customer

Product returns, reduction in complaints, improved on-time delivery.

## Suppliers

Reduction of complaints or defects, improved on-time delivery.

## Resources

Availability, capability, personnel, competency, efficiency, absenteeism.

PRIVATE LIMITED

# ORGANIZATION CHART

Updated July 2023

DEV COMPONENTS  
PRIVATE LIMITED

## Our Major Products

Manufacturing

- Stampings Dia from 30mm to 400mm, EI Laminations from Types EI19 to EI 350, in CRNGO All Grades.
- Cut to Length Strip Laminations with Holing in CRGO & CRNGO, products Range Strip Laminations, Mitre Cut Laminations.
- Specialized & Customized Designs as per Customer Requirement of Stamping and Lamination in CRNGO All Grades.

Distribution & Trading

- Prime CRNGO Coils of 0.20 mm to 0.50 mm Thickness, Width Ranging Up to 1000mm in all Grades
- Customized Cut To Length, Slit Coils in All Grades

# DEV's Production Capabilities & Process

Since 1991

- Coil Slit & Batch Tracking
- Task Card Allotted to Track Performance
- Pre-Job QC for Damages, & Burrs
- Punching Using Presses
- Component Stacking, If Mandated
- On Spot QC & Inspection Certification
- Task Card Closure & Packing for Sale

400+ Ton Production Per Month Capacity,  
With Special Capabilities to Gear Up Big Bulk Orders With a Short Notice

# Product Flow

01. Coil Slit Planning

02. Coils are Slit

03. Batchwise Slit Coils Ready for Stamping and Laminations

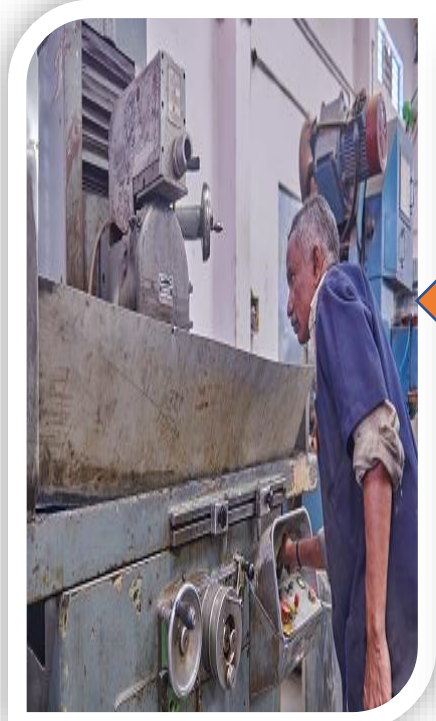

04. Tool Setting into Machine & Sampling & On Spot Sampling Starts

06. Manufactured Stocks & On Spot Quality Check & Control

05. Stamping & Lamination Products Manufacturing Done Basing Product Type in Different Machines

08. Periodic Grinding of Tools & Maintenance

07. Water Resistant Packs of Stocks Ready for Dispatch
